## Hosting a Training Classes

To host a training class we will need two rooms to meet in. The entire group (all volunteers) will meet for the *Evangelism Class* in the larger of the two rooms. At the conclusion of the Evangelism training, those interested in serving as an *Usher* or *New Believer Instructor* will break up into their respective groups for instruction. We have the larger of the two groups remain in the main room, usually the Sanctuary, while the other group moves to the second room for their instruction. It is helpful to announce the training class from the pulpit and place it in your church bulletin, on your website and announcement screens if you have them.

We need a DVD player with a projection system to show a short video to those attending the class. This video will be shown in the main room during the Evangelism portion of the class. We will also show a PowerPoint presentation during this time.

This one-night training class is designed to encourage and equip the believer for personal evangelism as well as repair them for their area of service. Following the evangelism portion of the class we will train those who want to serve as an Usher or New Believer Instructor.

Volunteer training information is available to download from the website at: [www.somebodylovesyou.org](http://www.somebodylovesyou.org). For the Twentynine Palms event downloads are available on the following link: [downloads](#).

You will need to coordinate with the instructor holding the training class for the estimated number of handout needed. It is good to have access to a copier for additional handout needed on the night of the class. Also, make sure that you have a supply of Posters, Flyers and Bookmarks on hand for your congregation and those attending the class from other churches. If you are in need of additional materials we can bring it to you the night of the class

The following information is on our website in a PDF format and can be viewed or printed using Adobe Acrobat.
